PROFESSIONAL SUMMARY

Full Stack Web Developer with a bachelor's in aviation science and Management. I have experience in building and maintaining websites using a variety of technologies, including HTML, CSS, JavaScript, and various back-end languages. I have a strong understanding of web design principles and user experience and can create responsive and visually appealing websites that are optimized for search engines. I am a quick learner and always eager to stay up to date with the latest web development trends and technologies.

TECHNICAL SKILLS

HTML | CSS | JavaScript | SQL | NoSQL | OOP | JQuery | React | Modern web application frameworks | node.js | MVC | GitHub
